

# 2020 Global Electricity Sources, Energy Consumption, and GDP

Electricity from Fossil Fuels vs. Global Average (TWh)

Electricity from Nuclear vs. Global Average (TWh)

Electricity from Renewables vs. Global Average (TWh)

23.54K

Average of Energy Consumption per Capita (kWh)

\$15.08K

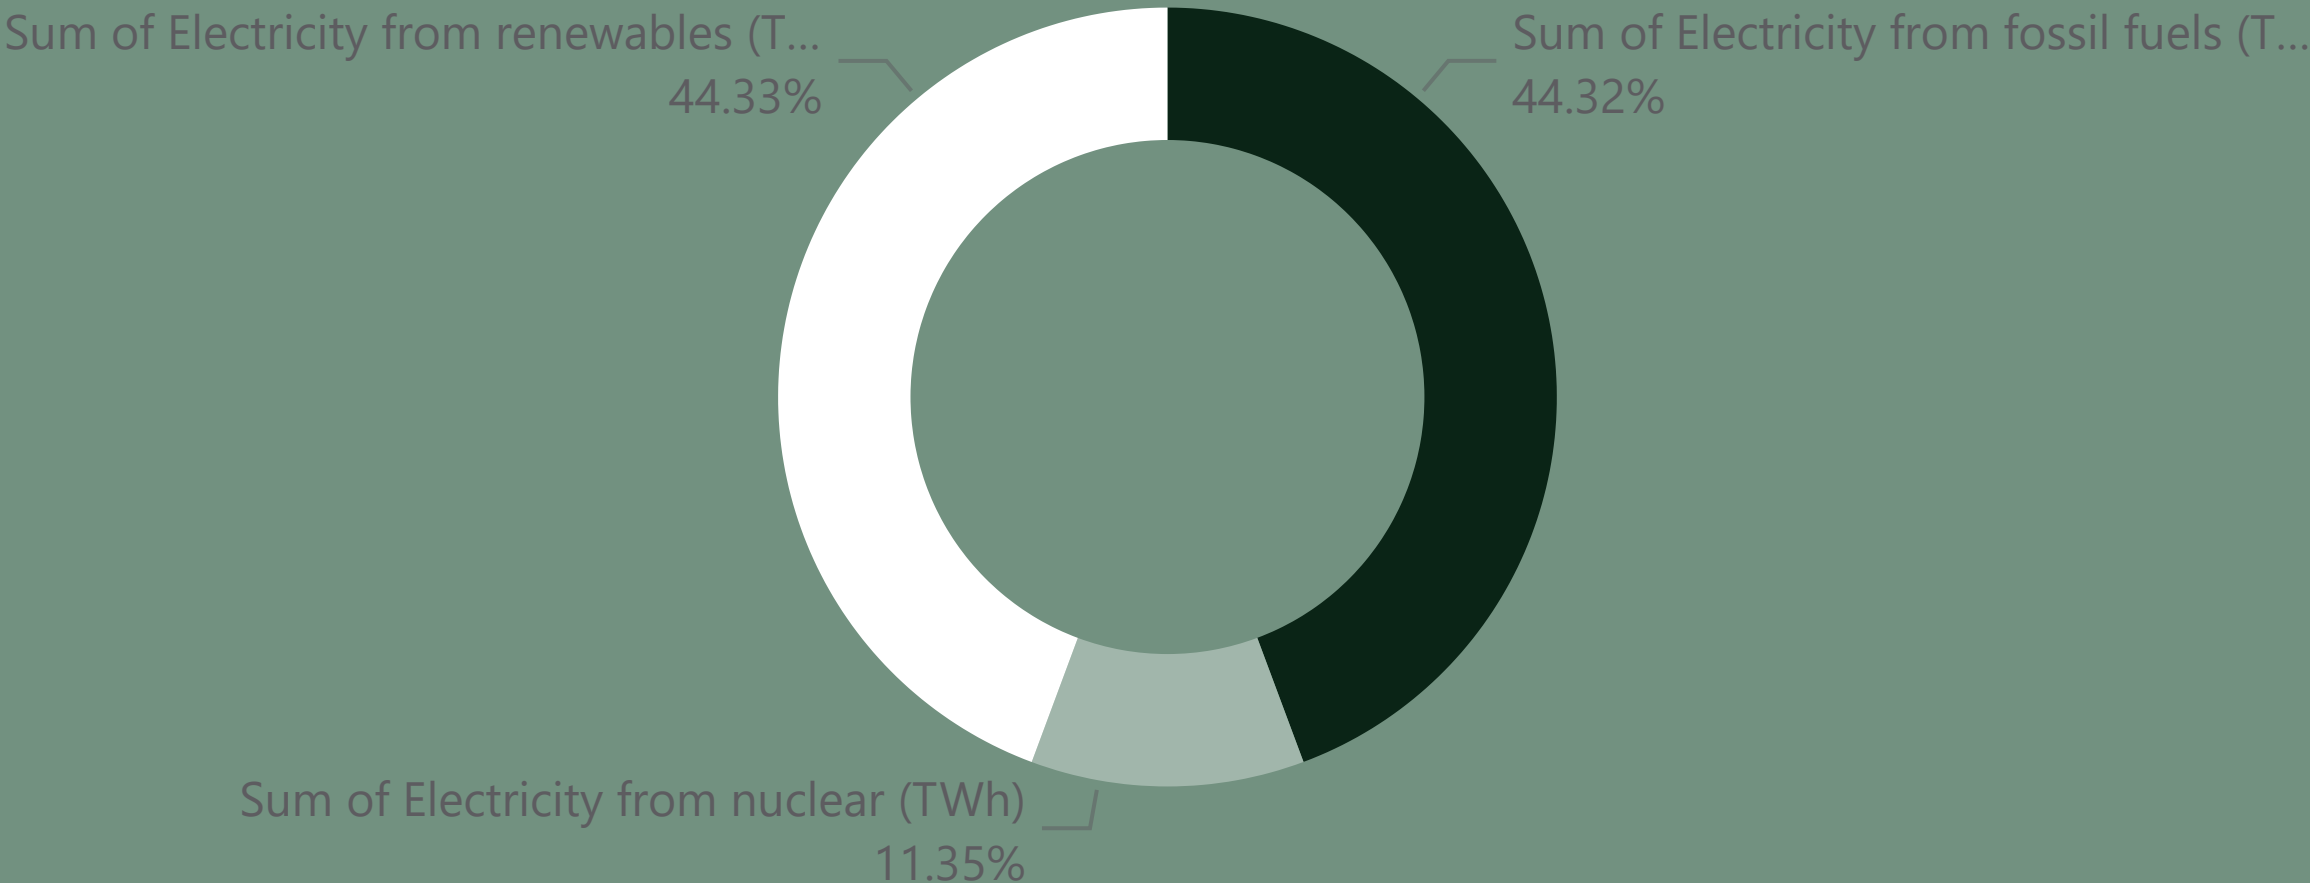

Average of GDP Per Capita (USD)

Country

Germany

## Electricity Source by Category

## Primary Energy Consumption per Capita (kWh/person) and GDP Per Capita by Country

Qatar	184,075	\$50,124
Bahrain	156,096	\$20,410
Iceland	155,755	\$59,270
Singapore	154,256	\$59,798
United Arab Emirates	126,074	\$36,285
Trinidad and Tobago	108,795	\$15,426
Norway	103,889	\$67,330
Canada	100,497	\$43,295
Kuwait	91,131	\$24,812
Saudi Arabia	80,310	\$20,110
Oman	79,038	\$14,485
United States	73,236	\$63,593
Malta	72,065	\$27,885
